In re Application of: BULLERDIEK, Jorn	:	
U.S. Application No.: 09/890,684	:	
PCT No.: PCT/DE00/00364	:	DECISION ON PETITION
International Filing Date: 04 February 2000	:	FOR REVIVAL UNDER
Priority Date: 04 February 1999	:	37 CFR 1.137(b)
Attorney's Docket No.: BOH6278P0010US	:	
For: PREPARATION FOR THE PREVENTION	:	
AND/OR TREATMENT OF A TISSUE	:	
CHANGE OF MESENCHYMAL ORIGIN	:	

The petition to revive under 37 CFR 1.137(b) filed 22 February 2005 in the above-captioned application is hereby **GRANTED** as follows:

Applicant's statement that "the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional" meets the requirements of 37 CFR 1.137(b)(3).

Applicants have now submitted the "required reply," that is, a complete response to the "Notification To Comply With Requirements For Patent Applications Containing Nucleotide And/Or Amino Acid Sequence Disclosures" mailed 15 September 2003 (including a CRF of the sequence listing in the proper form), and the requirements of 37 CFR 1.137(b) have been satisfied. Therefore, the request to revive the application is granted as to the national stage in the United States of America.

This application is being returned to the National Stage Processing Division of the Office of PCT Operations for further processing in accordance with this decision. The date under 35 U.S.C. 371(c)(1), (c)(2), and (c)(4) is 22 February 2005.
